AHPNJ Membership Application

The Affordable Housing Professionals of New Jersey (AHPNJ) is a voice for affordable housing in the State of New Jersey at the federal, state and local levels. As an independent organization, incorporated as a 501-C6 non-profit in 2006, our primary mission is to promote and enhance professionalism and knowledge in the field by supporting affordable housing through dialogue, ethical standards, education, advocacy and policy guidance.

An Affordable Housing Professional is anyone who is involved with the administration of, or compliance with affordable housing rules and regulations. We represent a wide variety of administrative agents, property managers, state and municipal employees, non-profit and for-profit corporations, financial institutions, planners and attorneys.
